

**VACANCY: EXPERIENCED EUROPEAN AND/OR  
DUTCH PATENT ATTORNEY MECHANICAL /ELECTRICAL  
SITTARD , THE NETHERLANDS**

Are you interested in tackling the biggest challenges and changes in intellectual property (IP) law? Do you share our commitment to provide excellent client service?

**Our firm**

Ipecunia Patents BV is a young and dynamic patent firm which supports clients with passion in the protection of their IP, giving strategic advice and support in generating value of this IP.

We have a positive minded international team which has multiple years of experience working in industry as well as many years of experience in the world of patents. Our team approach, firm client perspective, and commitment to our professionals' growth are just some of the factors that differentiate the firm's culture. We believe in a healthy work-life balance, which is translated in flexible working hours.

**Requirements**

Candidates are expected to be able to manage all aspects of EPO patent drafting and prosecution, they should have good language capabilities and good communication skills. Candidates should have a pro-active, business-oriented working attitude. They have to have a keen mechanical/electrical interest, are driven by curiosity and show commitment. Candidates should be able to work with external parties and are willing to join our entrepreneurial IP team. We are looking for a team player.

Ipecunia Patents offers a challenging and rewarding work environment, and also welcomes candidates from outside of the Netherlands.

**Interested?**
